Chad R. Makovsky, A.A.E., ACE, IACE Earns Professional Airport Accreditation

Joins elite group of airport executives who have completed all requirements of 68-year-old program

ALEXANDRIA, Va. – Chad R. Makovsky, A.A.E., ACE, IACE, Director of Aviation Services, Phoenix Sky Harbor International Airport, Phoenix, AZ, has been awarded the distinction of Accredited Airport Executive (A.A.E.) by the American Association of Airport Executives (AAAE).

To qualify for his distinction, Chad had to successfully complete three phases of the accreditation process: (1) pass a 180-item multiple-choice examination, (2) fulfill a writing requirement, and (3) demonstrate, in the final interview by a panel of A.A.E.s, his knowledge of airport management, business administration, and general transportation economics. Chad's achievement attests to his ability to meet these stringent requirements and his experience in managing a public airport.

By fulfilling all the requirements leading to the title of Accredited Airport Executive, Chad joins a select group of individuals who have earned the designation in the six plus decades of the accreditation program's existence. At present, fewer than eight percent of AAAE's members throughout the country are active accredited airport executives.

###

ABOUT AAAE: ABOUT AAAE: Founded in 1928, AAAE is the world's largest professional organization representing the individuals who work at public-use commercial and general aviation airports. AAAE's 9,000 plus members represent some 875 airports and hundreds of companies and organizations that support the airport industry. Headquartered in Alexandria, Va., AAAE serves its membership through results-oriented representation in Washington, D.C., and delivers a wide range of industry services and professional development opportunities, including training, conferences, and a highly respected accreditation program.
