Propose existing pipe sleeves to remain

Notes
Existing process piping and utility vaults are all below ground surface. Abandonment of process piping to occur predominately during Phase I. Abandonment of wells will be completed in two phases as marked by the dashed blue line.
**Legend**
- Wells Planned for Abandonment
- Wells to Remain in Place
- Wells Planned for Abandonment, Keep Vault
- All Other Wells
- AFFC Monitoring Well
- AFFC Extraction Well
- AFFC Injection Well
- AFFC Vapor Monitoring Well
- AFFC Vapor Monitoring Probe

**Notes**
Existing utility vaults are all below ground surface. Abandonment of wells will be completed in two phases as marked by the dashed blue line.
