

PHOENIX SKY HARBOR
INTERNATIONAL AIRPORT

AIRCRAFT SPOTTERS POCKET GUIDE

Experience the excitement of aviation up close at Phoenix Sky Harbor International Airport. Whether you're a casual observer or a dedicated aviation enthusiast, PHX offers several great places to watch aircraft arrivals, departures, and ground movements.

Best Places for Aircraft Viewing

Public areas are usually the best bets for spotting and photographing aircraft, including atop the Terminal 3 and 4 parking garages and the Terminal 3 PHX Sky Train® Station. Scan the QR code for links to the interactive maps.

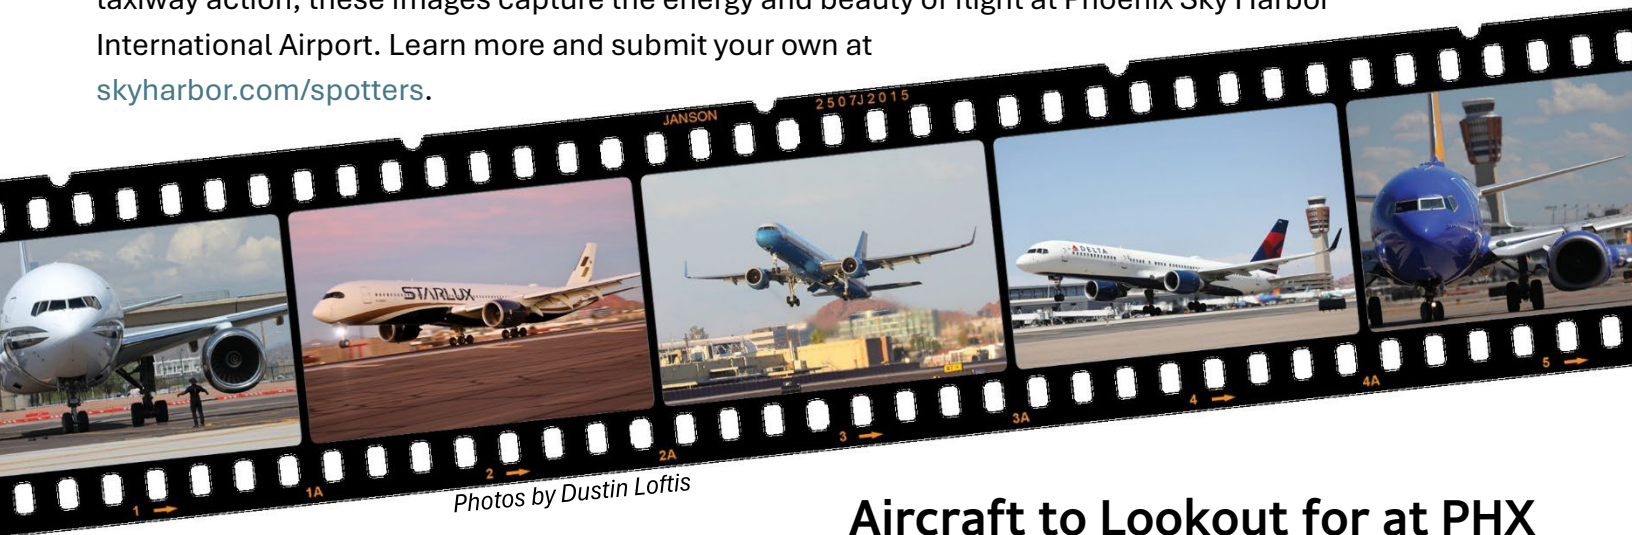

Safety First

We want all airport visitors to be safe and secure, and we encourage vigilance among all passengers, visitors, and employees. Some areas may be restricted or prohibited in the event of a special event or VIP visit, such as the arrival of Air Force One.
