Wrong Way Driving Safety Alert

We are experiencing a significant increase in wrong way driving incidents at Terminal 3, Level 2. These situations create serious safety risks for employees, pedestrians, and other drivers.

Please remember to **follow all posted signage and directional arrows**. They are in place to protect everyone and ensure safe, efficient traffic flow within the garage.

Safety Tips:

- Pay close attention to directional arrows and lane indicators.
- Reduce speed when entering and navigating parking structures.
- Stay alert and avoid distractions while driving.
- Follow all staff instructions and traffic control measures.

Cameras are installed throughout Level 2, and all wrong way incidents are recorded. If you are found driving the wrong way, you will be **subject to a hearing** and may receive a **Notice of Violation**, which can include **parking relocation**.

Thank you for your cooperation in keeping our airport safe for all employees.
