Construction & Maintenance Work Moratoriums

Through January 2030

All construction and maintenance work must be scheduled in accordance with restrictions detailed in this document. Before scheduling work, review dates applicable to the current calendar year and corresponding work restrictions.

Restriction type	What it means
BLACKOUT No Work Permitted	No work is permitted under any circumstances during the listed period.
HARD MORATORIUM Work Activities Restricted	Exceptions to these restrictions are limited and require advance approval. Requests must be submitted to the City of Phoenix Aviation Department's Design & Construction Services Project Manager (DCS PM), who will review each request on a case-by-case basis and approve or deny the exception.
	- Road Closures or Lane Restrictions - Closure & Restrictions to Taxiways & Runways - Hauling Operations - Trenching, Excavating, Pot Holing, Drilling, Boring or Like Activities - Demolition Activities - Closure of Airport Facilities - Restriction of Access - No Utility Outages (Power, Water, Gas, etc.) - System Shutdowns (AVI, Fire Protection etc.) - No Work in Passenger Areas without Approval
SOFT MORATORIUM *Potential Work Restrictions*	The following event dates will potentially increase passenger traffic therefore work restrictions may be enforced. Please be sure to coordinate construction schedules with the Aviation Project Manager, Improving PHX Program and Aviation Operations Construction Liaisons.
